POSTER SESSION TV

You are invited to fill your cup with tea, sit down on the couch and watch BSCOSO poster TV! This is an unconventional approach to presenting the latest professional achievements and interests to colleagues.

Traditional paper presentations this time will be presented as graphic presentations followed by personal appointments with authors' this way creating space for discussions, comments, questions or simply new experience and making contacts.

TV couch, program and schedule for personal meetings is available at the education lounge, which you will find in the exhibition area.

GALA EVENT

'What is the use of a book,' thought Alice, 'without pictures or conversations?' (*Alice's Adventures in Wonderland*).

What is the use of a conference, we say, without unexpected and unforgettable gala event, full of spectacular moments and conversations? Hence, it is going to be a positively crazy, surprising evening to help leave any tension behind and revive after the learning sessions.

Just like Alice in Wonderland, follow the white rabbit all the way down the rabbit hole to discover the WonderLab at DFab. DFab is a contemporary art & design space that hosts many arts and social activities.

BSCOSO invites you to a social networking event with live music, performance, open bar and entertainment on the evening of 6 June.

Dress code: Smart casual, free and as crazy as you like!

Tickets are available at the registration desk until 6 June, 12:00.

ORTHOJAM SESSION – CHALLENGE IN 3 MINUTES

In Jazz festivals, Jam sessions follow the main festival performances. Jam sessions are usually exciting since performers are relaxed, free to tell their story in a musical way in a non-formal atmosphere and over rather limited time.

This is what exactly OrthoJam sessions will be like. The stage will be provided for the authors of accepted abstracts to freely communicate their findings and point of view in a lively, relaxed atmosphere. Constructive session format and challenge to make it in 3 minutes will ensure that participants take away the maximum during the limited time. The abstract acceptance/rejection rate this year was high, so the presentations approved for the session are true gems!

While you engage in the scientific part, the OrthoJazz band will liven up the event by musical breaks.

COFFEE& LUNCH BREAKS

Coffee, tea, other refreshments and lunch will be served in the exhibition area. Since other events are also taking place at the hotel conference centre, please wear your name badge all the time so that the hotel personnel and conference secretariat could easily identify you. Thank you.

PHOTOGRAPHY RULES

All kinds of photography and video recording are strongly prohibited during all scientific sessions. Photography is allowed during introductory and social speeches, breaks and all the time except for the lectures. Any person who violates the photography rules will be dismissed from scientific session and will be requested to demonstrate the deletion of all photos from device. In case of repetitive violation of this rule, the conference organizers have right to cancel the Certificate of Attendance without refund.

CERTIFICATE OF ATTENDANCE

In accordance with EACCME regulations, every participant will be kindly requested to fill in evaluation forms and return them to the secretariat for feedback analysis.

Participants who fail to hand in the evaluation forms may not receive a Certificate of Attendance.
